EDUCATION

NATIONAL UNIVERSITY - MANILA — Manila, Philippines
Bachelor of Science in Information Technology with specialization in Multimedia Arts and Animation — 2023 - Present

PROBEX SCHOOL — Malabon, Philippines
Senior High School - Science, Technology, Engineering, and Mathematics (STEM) — 2021 - 2023

PROFESSIONAL SUMMARY

An Information Technology student at National University - Manila with a focus on Multimedia Arts and Animation, deeply driven to connect imaginative design with functional technology. I focus on merging creative media perspectives with technical development to build intuitive, engaging digital experiences. Dedicated to continuous learning, I look forward to taking on challenges and adding value to collaborative initiatives that bring fresh ideas to life.

TECHNICAL & CREATIVE SKILLS

- **Professional Strengths:** Willing to Learn, Active Listening, Adaptability, Time Management, Effective Communication, Collaborative Teamwork, Critical Thinking, Attention to Detail
- **Software & Development:** Web Development (HTML, CSS, JavaScript, PHP), Application Building (Unity, Live2D SDK), Database Management (Microsoft SQL Server, Firebase, MongoDB)
- **Design & Productivity:** Canva, Google Workspace

WORK EXPERIENCE

YSM Enterprises — Yap, Micronesia
Export & E-Commerce Operations (Remote) — May 2026 - Present

- Streamlined e-commerce and export supply chains by engineering comprehensive master sheets for tariffs and inventory distribution, managing Shopee order tracking and delivery timelines, and designing promotional marketing materials via Canva.

ACADEMIC PROJECT EXPERIENCE

CAPSTONE PROJECT: QUAKELY — National University - Manila
Game Developer and Back-End Logic Developer — 2026

- Developed an Android-based educational application using Unity by programming core gameplay and achievement logic, integrating the Live2D SDK for animated character guidance, and handling local data persistence and Firebase integration for cloud synchronization.

SHORT FILM: PIECE OF THE PEACE BY INF232 — National University - Manila
Scriptwriter, Wardrobe Assistant, and Extra — Aug 2025 - Sept 2025

- Co-wrote a structured screenplay, assisted with costume styling to maintain visual consistency, and contributed as an on-screen extra to produce a competitive short film represented at the 80's Rewind Film Awarding Ceremony.

NU EATS - EATERY AND CAFÉ FINDER National University - Manila
Database Developer and Web Developer June 2025

- Developed a platform to discover local food establishments featuring a responsive HTML/CSS/JavaScript frontend, a secure PHP backend, and a normalized Microsoft SQL Server database equipped with Role-Based Access Control and an admin dashboard.

MASSKMANIA National University - Manila
Backend Developer Dec 2024 - Mar 2025

- Contributed to a **Top 3 Best Mobile Application** by debugging backend logic and integration issues under tight timelines, while also serving as a set designer to build visual elements for the event booth.

ORGANIZATIONAL EXPERIENCE

NU CCIT STUDENT COUNCIL National University - Manila
Associate Director for Receipts and Canvassing July 2025 - June 2026

- Facilitated successful event operations by acting as the primary sponsor liaison for Freshmen Orientation Day and leading the design and coordination for the Paskulayan 2025 Parol Making Contest, earning **1st Runner-Up.**

NATIONAL UNIVERSITY CENTRAL STUDENT GOVERNMENT National University - Manila
Committee for Creatives Sep 2024 - June 2025

- Spearheaded event execution as **Project Head for NUTOPIA: UWeek 2025** and contributed extensively to the Stage and Design Working Committees for multiple major university events, including **Alapaap, Paskulayan 2024, and Malayari 2025.**
